Benzer Pharmacy Selected for Aralast™ Distribution

Patients with Hereditary Emphysema can seek Aralast™, a limited distribution drug from America's fastest growing independent specialty pharmacy chain.

Benzer Pharmacy today announced that it has been selected as a specialty provider for Aralast™.

Aralast™, an alpha-1 antitrypsin therapeutic also known as Alpha 1 proteinase inhibitor (A1PI), is used for the treatment of hereditary emphysema.

It is made from human blood products to replace the deficient enzyme to reduce emphysema symptoms.

"Aralast™ is a limited distribution drug only available to a small network of specialty pharmacies and Benzer Pharmacy is now able to fill this medication," said Lindsay Wall, Benzer Pharmacy Chief Clinical Officer.

Benzer Pharmacy provides specialized pharmacy and related services pursuant to agreements with biotechnology drug manufacturers relating to the treatment of patients with certain costly, chronic diseases.

"We provide timely, accurate and confidential dispensing of medications through our specialty pharmacy that is accredited by Utilization Review Accreditation Commission (URAC)," Lindsay added.

Benzer Pharmacy will deliver Aralast™ through our specialty pharmacy located at: 301 Havendale Blvd. Auburndale, FL 33823.

For more information, including initiating a prescription for use of Aralast™ or for assistance in locating a pharmacy to dispense Aralast™ call: 877-4-BENZER.

More information about Aralast™ can be found at <http://ow.ly/UNaC3077DqW> ■

Benzer Pharmacy Selected to Dispense Purixan®

Patients can now have access to Purixan®, a limited distribution drug, through America's leading Independent specialty pharmacy chain.

Benzer Pharmacy has been approved to dispense Purixan® as a partner for limited distribution drugs based on the pharmacy's expertise in clinical excellence.

A product of Rare Disease Therapeutics, Inc., Purixan® is the first FDA-Approved oral suspension form of mercaptopurine. Purixan® offers flexibility and accuracy of dosing, consistent absorption and is a palatable alternative to current mercaptopurine therapies.

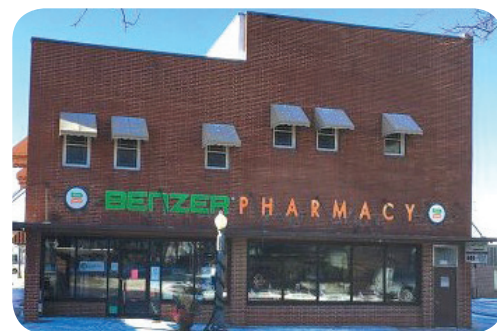

Purixan® is indicated for the treatment of patients with acute lymphoblastic leukemia (ALL) as a part of a combination regimen. "Purixan is only available to certain specialty pharmacies and Benzer Pharmacy is thrilled to be selected to dispense this limited distribution drug," says Lindsay Wall, Benzer Pharmacy Chief Clinical Officer.

Benzer Pharmacy will deliver Purixan® through three of its full service stores located at: 301 Havendale Blvd. Auburndale, FL 33823; 6300 Commerce Dr. Westland, MI 48185; and 725 County Rd 466 Lady Lake, FL 32159. For more information, including initiating a prescription for use of Purixan® or for assistance in locating a pharmacy to dispense Purixan® call: 877-4-BENZER

For more information about Purixan® can be found at <http://www.purixan-us.com> ■

Benzer Pharmacy removes decades old 'Wierick's Drug Store' sign

Transition to Benzer brand complete

Benzer Pharmacy, which purchased the 110-year-old family run Wierick drug store in August, has now completed its transition with a new Benzer Pharmacy signage.

The pharmacy invites the community to take advantage of a whole range of services with competitive prices to customers including free home delivery, free med pack preparations, refill reminders, and wait time less than 10 minutes. ■

Bonita Pharmaceuticals, Wholesale Drug Distributor Expands Access to Arizona Market

Providing an unmatched top-rated distribution program to customers at competitive wholesale prices.

Bonita Pharmaceuticals today announced that it has now achieved its licensing agreement

for the state of Arizona. Pharmacies in Arizona can now order medications from Bonita Pharmaceuticals at industry competitive wholesale pricing.

"Bonita Pharmaceuticals is aggressively expanding with an intent to increase product lines exponentially," says Charles Patel, Regulatory Officer at Bonita Pharmaceuticals.

"As a pharmaceutical wholesale distributor, we have great pricing on Abilify, Vasotec,

Lidocaine 5% gel, Diclofenac 3% gel and Pennsaid 1.5% topical solution." Charles stated.

Bonita Pharmaceuticals' responsibility extends beyond products. Through direct contracts with manufacturers, Bonita Pharmaceuticals provides customers with top-rated products from major manufacturers.

"We also have direct accounts with major manufacturers like Qualitest, Sandoz, and Amneal," he added.

Using only FDA approved products, Bonita Pharmaceuticals stocks over 2000 products which includes: injectables, gels/lotions, compounding APIs, tablets and capsules, ointments and creams, nutritional supplements, over the counter medication,

liquid syrups and dry powder syrups.

Bonita Pharmaceuticals caters to retail chains, independent retail pharmacies, wholesale distributors, and institutional providers such as hospitals, health systems, Integrated delivery networks and long-term care providers.

"We provide a quality resource to purchase name brand, generic prescriptions and over-the-counter pharmaceuticals and ensure our well trained professional representatives maintain long term relationships with all clients," concluded Charles. ■
